INFORMATION ABOUT HEALTHCARE COVERAGE

Rules may have changed since this was printed. Check with your local MDHHS office.

“You” and “Your” below refer to the patient. “We” means the Michigan Department of Health and Human Services.

If you need help with past, unpaid medical expenses, Healthcare Coverage may begin three months before you apply. You can have Healthcare Coverage even if you are not a U.S. citizen. Coverage might be limited to just emergency services. There are limits on the amount of income and assets you can have and be eligible for Healthcare Coverage.

Receiving Healthcare Coverage Services

You must tell all your providers (doctors, hospital, pharmacy, etc.) that you have applied for Healthcare Coverage before you receive any new medical services. Not all providers accept Healthcare Coverage. Choose a provider who does accept Healthcare Coverage.

You must give your medical provider a copy of your mihealth card or approval letter as soon as it is received. This letter tells when your eligibility began. Your providers need this information to receive prompt payment for medical services provided to you. This information is needed to issue you a refund if you pay for a Healthcare Coverage service before you received the approval letter.

We might approve Healthcare Coverage for up to 3 months before you applied. If we do, ask your providers to bill Healthcare Coverage for any covered services you received during those months. If you paid for any of these bills before you received the approval letter, ask your health providers if they will refund your money and bill Healthcare Coverage. Providers are not required to do this, but many will.

Your providers must submit your bills to Healthcare Coverage within 12 months after the date you received the services. If they wait more than 12 months, then Healthcare Coverage may not pay the bill unless the delay in billing is because you had to file an appeal to get Healthcare Coverage benefits.

Income

You meet the income test if your income is not enough to pay your medical expenses. Usually you will pay part of your nursing facility expenses and Healthcare Coverage will pay the rest. If you have a spouse or children at home, a portion of your income might be protected for them.

We count income such as Social Security benefits, pensions, rent income and veterans benefits.

Assets

Countable assets must be at or below the \$2,000 asset limit at least part of each month for which Healthcare Coverage is requested. If you have a spouse at home:

We count your assets and your spouse’s assets initially. We protect a substantial amount of assets for your spouse. The remainder cannot exceed \$2,000 for you to be eligible for Healthcare Coverage.

Once initial eligibility is established, we only count your assets. The asset limit is \$2,000.

If your assets are more than the asset limit, you may become eligible for Healthcare Coverage if you use your excess assets to pay some of your medical bills, living expenses, or other debts. You may be asked to verify when and for what purposes you used your excess assets.

Healthcare Coverage might not pay for your care if you or your spouse transfer assets or income for less than fair market value. We look at transfers that occur up to 60 months (5 years) before, or any time after, your first date of application for Healthcare Coverage while in a nursing facility.

Nursing Facility Eligibility (MDCH Publication 726) - explains eligibility for persons in or entering a nursing facility.

The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group because of race, religion, age, national origin, color, height, weight, marital status, genetic information, sex, sexual orientation, gender identity or expression, political beliefs or disability.

ACKNOWLEDGMENTS

8. **Computer Cross-checking.** I understand that, as part of determining my eligibility for Healthcare Coverage, information I give on this application will be verified by computer cross-checking with other public and private agencies.

Wages reported by my employer(s) to the Department of Labor and Economic Growth will be checked against wage information I report to the MDHHS. My Social Security Number will be used to check this information. Throughout the year, my Social Security Number will also be checked with other sources such as the Internal Revenue Service (IRS), Unemployment Compensation, and the Social Security Administration concerning income or assets.

The information obtained through this cross-checking may be verified through collateral contact when discrepancies are found. The information may affect both my eligibility and the level of my benefits.

9. **Medical Information.** By signing this application, I understand that the MDHHS may get and use* necessary medical information about me or any of my wards or my minor children, including any information relative to HIV, ARC or AIDS, if applicable. This information will only be obtained and used as necessary to determine eligibility for a specific program or for other program administration purposes.

*Some examples of uses are with auditors, caregivers, etc. State law (MCL 333.5131 (8)) provides that a person who shares HIV, ARC or AIDS information except as authorized by this release or by law may be found "guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$5,000.00, or both, and is liable in a civil action for actual damages or \$1,000.00, whichever is greater, and costs and reasonable attorney fees."
